

# Benchmark Super Fibre Mash® & Benchmark CoolAZ®

Prepare a highly nutritious, high fibre, low starch meal for your pleasure or show horse, pony club mount or spelling horse.

## BENCHMARK MEAL PLAN NO. 2

Combining Benchmark Super Fibre Mash® with Benchmark CoolAZ® is a simple and cost-effective meal option. High in fermentable fibre, low in starch and sugar, genuinely non heating, CoolAZ® contains balanced trace minerals, quality vitamins and key essential amino acids for muscle development and repair.

Best of all Super Fibre Mash soaks to a soft mash in a minute so Benchmark feeding is a breeze.

### INGREDIENTS

- 500g of dry Benchmark Super Fibre Mash® pellets
- 1-1.5 litres of cold water
- Half the recommended daily rate of Benchmark CoolAZ® (check on the bag)
- 500g-1kg lucerne chaff, haylage or equivalent

### DIRECTIONS

Place Benchmark Super Fibre Pellets in a bucket, add 1-1.5 litres of water, leave to soak for 60 seconds.

Add Benchmark CoolAZ® and lucerne and mix loosely through the mash and the meal is ready to serve.

Provide this meal to your horse twice each day.

Notes - Not all feed scoops are the same. Please weigh a scoop of each dry ingredient to ensure feeding rates are accurate. Horses require at least 1% of their body weight in the form of pasture or hay each day.
